QUALITY CONTROL

Andalucia Nuts is committed to Food Safety. Our facilities are certified Organic and Kosher, in addition we undergo third party audits that meet the *Global Food Safety Initiative* (GFSI). Our on-site quality control labs and a dedicated quality assurance team routinely perform microbiological testing on all products, we also partner with third party FDA approved labs. Thorough testing and traceability

protocols along with our high safety standards ensure a product that is safe and consistent. Our R&D Department helps customers turn their innovative ideas into a finished product. Building from the initial prototypes we work with you to refine your idea into an end product that meets your exact specifications. At Andalucia Nuts we believe in *quality and innovation naturally.*
